SUMMARY

I am a Computer Science student with knowledge of programming and problem-solving, experience in Java, web development, and databases, and a strong interest in learning new technologies through real-world projects.

EDUCATION

Global Group Of Institutes, Amritsar 2023 – Present
Bachelor of Technology in Computer Science and Engineering — **CGPA: 7.5/10**
Upgraded High School Garhi Bishanpur, Lakhisarai (BSEB) 2023
Intermediate (Class XII) — **Percentage: 61%**
Upgraded High School Garhi Bishanpur Lakhisarai (BSEB) 2021
Matriculation (Class X) — **Percentage: 76.8%**

TECHNICAL SKILLS

- **Programming Languages:** C++, Java, Python
- **Web Development:** HTML, CSS, JavaScript, Bootstrap, MERN Stack (MongoDB, Express, React, Node.js)
- **Tools & Platforms:** VS Code, GitHub, Render, Netlify, MongoDB Atlas

EXPERIENCE

Future Finder (On-site) **Link** June 2025 – July 2025

- Completed a 6-week on-site full stack training, gaining practical experience in HTML, CSS, JavaScript, Node.js, Express, and MongoDB while working on real-world web projects.

PROJECTS

OneCart – MERN Stack E-Commerce Web Application Live | GitHub

- Developed a full-stack e-commerce web application using MongoDB, Express.js, React.js, and Node.js, implementing secure user authentication, product management, and order processing.
- Integrated JWT-based authentication, Razorpay payment gateway, and image uploads using Cloudinary, while applying
- backend security and data validation best practices.

QuickBite – Online Food Delivery Application Live | GitHub

- Built a responsive food delivery application with React and Redux Toolkit.
- Improved UI/UX using Tailwind CSS and deployed on Vercel.

CERTIFICATIONS & ACHIEVEMENTS

- **Java & DSA Course – Apna Collage:** Practiced Java and DSA concepts through structured problems, improving algorithmic thinking and coding fundamentals. (Verify)
- **MERN STACK Course – Apna Collage:** Learned MERN stack fundamentals including authentication, routing, and REST APIs. (Verify)
- **AI Tools & ChatGPT Workshop – be10x:** Applied AI tools for rapid presentation creation, data analysis, prompt engineering, and AI-assisted code generation & debugging to enhance development productivity.(Verify)
- Solved 150+ DSA problems on LeetCode to improve problem-solving skills.
